- What is your outlook for domestic economic growth and monetary policy and how has it evolved over recent months? What are the principal risks to your growth outlook? Are financial markets appropriately reflecting this outlook and any risks around it?
- What is your outlook for growth and monetary policy in Europe? What is the view of financial markets on the capacity to ease monetary policy there in the event of a persistent economic slowdown?
- What are the systemic benefits and risks for broader markets related to ETFs? Are there any liquidity differences between certain ETFs and/or mutual funds and their underlying assets that are systemically significant?
