

Municipal Liquidity Facility Notice of Interest

Instructions

The Municipal Liquidity Facility (“MLF”), which has been authorized under Section 13(3) of the Federal Reserve Act, will support lending to U.S. states and the District of Columbia (together, “States”), U.S. cities with a population exceeding 250,000 residents (“Cities”), U.S. counties with a population exceeding 500,000 residents (“Counties”), and certain Multi-State Entities (each, an “Eligible Issuer”). The Federal Reserve Bank of New York (“Reserve Bank”) has established the Municipal Liquidity Facility LLC, a Delaware limited liability company (“LLC”) for purposes of purchasing tax anticipation notes (TANs), tax and revenue anticipation notes (TRANs), bond anticipation notes (BANs), and other similar short-term notes with maturities not longer than 36 months from the date of issuance (“Eligible Notes”) from Eligible Issuers under the MLF. Subject to Reserve Bank review and approval, an entity that issues securities on behalf of a State, City, or County for the purpose of managing its cash flows may also be an Eligible Issuer only if such entity can commit the credit of, or pledge revenues of, the applicable State, City, or County, or if the applicable State, City, or County guarantees the Eligible Notes issued by such an entity. For purposes of this Notice of Interest (“NOI”), we have referred to each of these entities as a “Designated Issuer.” **The Eligible Issuer pledging its credit or revenue or guaranteeing the notes must complete and submit this NOI. A Designated Issuer may not submit an NOI.**

This NOI is designed to provide the Reserve Bank with an indication of the Eligible Issuers that intend to participate in the MLF. This information will be used to anticipate the staff allocation and market timing needed to fully execute the MLF. The MLF is not a “first come, first served” program. An Eligible Issuer should submit an NOI only when it has determined its financial needs and schedule. Each Eligible Issuer has an allocated amount of note borrowing capacity as detailed in [Appendix A](#) of the [FAQs posted on the Reserve Bank’s website](#) (“FAQs”). An Eligible Issuer may sell Eligible Notes in one or more issuances to the LLC up to, in the aggregate, the Eligible Issuer’s allocated amount, or more if the Reserve Bank grants an Eligible Issuer’s request that the LLC purchase Eligible Notes in excess of the applicable limit in order to assist political subdivisions and other governmental entities that are not eligible for the MLF. An Eligible Issuer may submit additional NOIs at such time or times as it has determined its financial needs and schedule for such portion of its allocated amount.¹ The Eligible Issuer should submit a separate NOI for each requested issuance of Eligible Notes. Eligible Issuers should not use the MLF as a line of credit by conducting frequent, small issuances. The Reserve Bank may establish a maximum number of issuances per issuer or a minimum par amount per issuance.

An Eligible Issuer should refer to the Term Sheet and FAQs available at <https://www.newyorkfed.org/markets/municipal-liquidity-facility>.

The Eligible Issuer should answer all questions in this form and provide all required documentation to MLFnoi@blxgroup.com. Incomplete NOIs cannot be approved. Narrative answers can reference source documents by including the name of the document and relevant pages or sections and providing any referenced documents as attachments. If the NOI files are more than 20MB, they should be converted to .zip files for transmittal or sent as separate emails.

Notice of Interest Submission

The NOI must include:

- 1) A completed NOI Form, including a signature certifying the information in the paragraph at the end of the NOI Form; and
- 2) All attachments requested and referenced in this form.

Upon receipt of the NOI materials, the Administrative Agent will provide a confirmation email to the Eligible Issuer’s Primary Contact.

If the NOI is approved, the Administrative Agent will provide a confirmation email to the Eligible Issuer’s Primary Contact (i) confirming approval of the NOI, and (ii) inviting the Eligible Issuer or Designated Issuer to submit an application. Upon the approval of the application, the LLC will evidence its commitment to purchase notes, and the conditions to funding, in a Note Purchase Agreement or other documentation to be provided in advance of the pricing of the Notes.

Additional information is available at <https://www.newyorkfed.org/markets/municipal-liquidity-facility> and by contacting MLFInfo@blxgroup.com.

¹ The LLC will cease purchasing Eligible Notes on December 31, 2020, unless the Board of Governors of the Federal Reserve System (“Board”) and the Treasury Department extend the MLF. Any changes to the terms and conditions of the MLF will be announced on the Board’s website.

SECTION F: PROCESS AND TIMING

Please consult with your bond counsel or issuer counsel as to the permitted method of sale prior to answering the following questions.

An Eligible Issuer may choose between two methods for executing the sale of notes to the LLC: (i) a competitive sale process or (ii) a direct sale process.

If an Eligible Issuer chooses to conduct a competitive sale process, the LLC will provide an agreement or other documentation committing to purchase Eligible Notes that are not awarded to bidders through the competitive sale process. The LLC generally will not submit a bid in a competitive sale process but instead will serve as a backstop and agree to purchase Eligible Notes that are not awarded to bidders. The LLC will arrange to submit a bid in a competitive sale process only in cases where an Eligible Issuer (i) is required by law to sell Eligible Notes through a competitive sale process and (ii) does not have the legal authority, even following a competitive sale process in which fewer than all of the Eligible Notes are sold, to sell Eligible Notes directly to the LLC.

If an Eligible Issuer chooses a direct sale process, it may sell Eligible Notes directly to the LLC without first conducting a competitive sale process.
